<p><b>Want Captions on your Slideshow</b>  <b>BUT don't know what's on your Slides or Negatives?</b></p> <p>That's OK. Our Interim Service allows you to have your Slideshow made and then edited later with your captions and other items you want. You pay for your Slideshow DVD, watch it and decide the captions you want (London 1998, Sue's 1<sup>st</sup> Birthday, etc.), where they should go and if you want things put in a different order. If there's something you don't want, we can remove it too.</p> <p>Then simply email us instructions on what you want done. You will have up to 2 weeks to tell us what changes you want made. Then we will redo your Slideshow DVD and give you a new DVD. For info and price, contact us.  <b><i>We specialize in Family History Projects and are happy to help you create something special with yours.</i></b></p>

**Important note:** if you want your slides and photos in a specific order for your Slideshow, please put a number on **all** slides and photographs for your Slideshow.

- For photographs, write the number on a post it note and attached to the **back** of the photo.
- For slides, number it on the slide frame.

Doing this serves two purposes. First, it tells us the order to put your items. And second, if an item happens to get out of order, we will be able to put it back in the right place.

**Do NOT re-number if you find one out of order**

If you've numbered your items and you just found one that needs to go between the ones already numbered, don't worry and do NOT renumber. **Simply add the letter "b" to the number.**

**For example:** you have numbers 45, 46, 47 48 and you need one to go between 46 and 47. Simply number it 46b and put it where it should go. Result will be 45, 46, **46b**, 47, 48 and so on. Another example: 14, 15, **15b**, **15c**, **15d**, 16, 17, 18, 19, 20, **20b**, 21, 22, 23, **23b**, 24, 25 and so on.
